## Contract Marriage Of Couple Ends

BLOOMINGTON, ILL., November 2.—(By the United Press)—The contract marriage of Mary Alice Moorehouse, and Levan Cunningham, of Lafayette, Ind., ended today when their parents arrived to take them home. The couple were arrested at a local hotel. They presented a written wedding contract. It read:

"October 31, 1922, I, Levan Cunningham, and I, Alice Moorehouse, agree to live in Illinois for six months, after which time a divorce will be granted on request of either party."

The boy is 19 and the girl is 16.

"Our set found things too slow in Lafayette," Mary Alice said. "Several couples of our class planned to run away and marry the same way. We were all going to meet in Kansas City."

## EX-PASTOR SENTENCED FOR LIFE FOR MURDER

STATESBORO, GA., November 2.—(By the Associated Press)—It was indicated today Elliott Padrick, former minister, would not be tried for the murder of his wife in view of the jury verdict of guilty last night, on which he was sentenced to life imprisonment for the murder of his mother-in-law, Mrs. Mamie Lou Dixon. Apparently pleased with the finding, Padrick said no appeal would be taken.

The verdict of guilty with a recommendation for mercy, came after a trial of two days and deliberation of the jury from 9:00 o'clock yesterday morning to 6:30 in the evening. Mrs. Padrick and Mrs. Dixon were shot to death by Padrick while the three were in an automobile near here on June 19.

MUSKOGON, MICH., November 2.—(By the Associated Press)—Raymond E. Wilson, of Grand Rapids, who pleaded guilty at noon today to the kidnapping of 11-year-old Rosalie Shanty, was sentenced by Judge John Vanderwerp in circuit court this afternoon to from 35 to 40 years imprisonment in the state penitentiary at Marquette.

MUSKOGON, MICH., November 2.—(By the United Press)—Raymond Eugene Wilson, of Grand Rapids, today confessed that he kidnapped Rosalie Shanty, 12-year-old girl, and attacked her after carrying her more than 100 miles from home, according to police. Police continued to grill Wilson as Rosalie fought for her life in a little farm house near Dublin. She was found in a swamp far back in the wilderness. She was delirious and has not yet been able to tell authorities of her experience. Physicians feared that she would die without gaining mental faculties. In a rambling statement made as she tossed on her bed, the girl accused Wilson of trying to drown her. Feeling was running high here today and a special guard of armed deputies was kept ready for instant service.

Word from Dublin this morning that Rosalie, widely known here as the "swimming girl" through her expert exhibitions at a local beach last summer, might not recover.

In the statement to the authorities, Wilson was quoted as saying he enticed the child into his automobile as she was leaving a church here Sunday, drove her about the city for a time, then started for Dublin. Near that town, the reported statement said, Rosalie became alarmed and asked to be let out of the car. Wilson said he left her near a farm house and then returned to Grand Rapids. The prisoner said he was intoxicated when he took the girl into his machine and was unable to explain his action.

## PRESIDENT OBSERVES HIS 57TH BIRTHDAY

WASHINGTON, November 2.—(By the Associated Press)—President Harding today celebrated the fifty-seventh anniversary of his birth almost as quietly and simply as the average American citizen observes a birthday.

There were no indications at the White House of anything more than just an ordinary day in the life of the chief executive of the land. Because Mrs. Harding still is confined to her bed, although recovering from her recent illness, there will not even be a birthday dinner party, but the president will spend the evening with her.

The fact that today was his birthday, however, was not forgotten by the close friends of the executive or by the nation and the world at large. All day long messenger boys arrived carrying messages of birthday greetings, many of them from rulers and leaders of other countries. Close acquaintances of Mr. Harding remarked today on the recent improvement in his physical condition. A month ago the strain of the past two years became noticeable. A summer of continuous work without a vacation and finally Mrs. Harding's illness, had increased the strain. Adjustment of the major industrial controversies and the steady progress toward recovery made by Mrs. Harding, allowed the tension to lessen. The president for a month has devoted more time to rest and has spent more time on the golf links.

The result, according to associates of the president, is that the president is in better physical condition on his 57th birthday, than he had been for months and is looking forward with zest to tackling the problems to come with the reconvening of congress.

## Girls And Vets Flee Flames

NEW YORK, November 2.—(By the United Press)—Twenty-five girls and nearly 100 disabled war veterans fled to safety today from fires that destroyed the New York Institute of Photography building. Three alarms were turned in as the fire swept through the building, imperiling hundreds of lives. The ex-service men were government vocational students.

The girls who were led to the ground by some of the veterans, were at work on the fifth floor of the building. Several flames were avowed as the blaze spread and thick clouds of black smoke filled the hallways in which they were seeking possible victims.

## Liberals Victorious

HAVANA, November 2.—(By the Associated Press)—The Liberal party seemed to be on top in Cuban politics today as a result of their victories in the elections held throughout the island yesterday.

Incomplete and unofficial returns indicated that they had elected Liberal candidates as governors of six Cuban provinces and had won the race for mayor of Havana. More over the Liberals increased their numbers in the lower house of congress so largely that the administration may lose its majority.

In Havana election day passed quietly and there are no reports from the provinces to indicate any disorders outside the capital.

PHILADELPHIA, November 2.—(By the Associated Press)—Thomas Dewitt Cuyler, a director of the Pennsylvania Railroad Company, and chairman of the Railroad Executives' Association, was found dead today in the private car of President Rea, of the Pennsylvania, in Broad street station.

Mr. Cuyler was in Rochester, N. Y., yesterday and was apparently in good health.

A number of physicians who examined the body, pronounced death due to apoplexy.

The private car arrived at Broad street station early today and was placed on a side track. According to instructions a porter called Mr. Cuyler at 8 a. m. He received no response and becoming alarmed summoned an attendant and a physician. The doctor pronounced Mr. Cuyler dead. Death was due to a heart attack. He had been dead a little more than an hour, according to the opinion of the physician.

Mr. Cuyler was a lawyer, but most of his time was taken up with railroad and financial affairs. He came prominently before the country in the recent railroad shop strike by virtue of his position as chairman of the Railway Executives and took a firm stand against some of the demands of the strikers, especially that relating to seniority.

Mr. Cuyler was born in Philadelphia, and was sixty-eight years old. He was graduated from Yale University in 1874, and was admitted to the bar in Philadelphia in 1876.

Mr. Cuyler was elected a director of the Pennsylvania railroad in 1899. He was also a director of the New York, New Haven and Hartford Railroad and the Santa Fe system. He also was represented on the directorate of many local organizations and financial institutions.

Mr. Cuyler was a member of many clubs in Philadelphia, New York and Chicago.

NEW YORK, November 2.—(By the Associated Press)—A successor to T. Dewitt Cuyler, chairman of the Association of Railway Executives, who was found dead in his private car today, in Philadelphia, will be chosen at the next regular meeting of the association on November 9. It was announced here today. In the meantime Judge Alfred D. Thom, general counsel and vice chairman of the association, will be acting chairman.

## Ohio Assured Of Coal Supply

COLUMBUS, O., November 2.—(By the United Press)—The state of Ohio today had assurance from Federal Distributor Spens that the state domestic fuel needs will be supplied at the Ohio "Fair Prices." This was the outcome of conferences held here Wednesday by Fuel Distributor Spens with Governor Davis, Attorney General Price, State Fuel Administrator Neale and Ohio coal operators. Spens came here as a result of Neale's ultimatum that the state would seize Ohio coal mines unless federal authorities intervened to see that shipments of Ohio coal to other states stopped and domestic requirements were supplied.

After conferences and before leaving for Washington, Spens gave definite assurances that seizure of Ohio mines would be unnecessary and the federal fuel administration will take whatever measures may be necessary to cure for the situation and assure the retention in Ohio of sufficient amount of domestic coal for the needs of the people.

Operators who conferred with him yesterday to aid in curing the Ohio situation by supplying coal to consumers before they get to outside markets.

Spens is expected to arrange for a conference, probably at Washington, within a few days with Ohio producers for interstate shipments and in this way effectively prevent Ohio's coal from going to other markets.

The fight in Ohio for fair prices for coal has been won, said Governor Davis in discussing the development. "This means Ohio consumers will pay the fair price established by the state fuel administration and no more and at this price their needs will be fully provided for."

## Seize "Cases" Of Peas

COLUMBUS, O., November 2.—(By the Associated Press)—Acting on a tip, federal prohibition agents last night boarded a Big Four train at the Union station and removed "ten cases of peas" from an express car. The cases, the agents said, contained booze and were shipped from the Dixie Products Company, Savannah, Ga., to the P. O'Brien Grocery Company, Cleveland. An investigation will be conducted at both Cleveland and Savannah, it was said.

## Japan Cuts Army Budget

### Discusses Debt

BRISTOL, England, Nov. 2.—(By the Associated Press)—The subject of England's debt to the United States and the money due England from other countries was discussed briefly by Lord Birkenhead, the former lord chancellor, in speaking here today in place of Mr. Lloyd George, whose indisposition prevented him from appearing. "Apparently the happy prospect with which we are confronted is that we are to pay everyone everything we owe and that no one is to pay us anything that they owe us," he remarked caustically. "We do not think America is in danger of quarreling with her good friend, Great Britain, when she politely reminds us we owe her a considerable sum of money, and I can't see why other nations should be so very sensitive on matters of business," he added.

Both men were badly shaken and bruised, but neither was seriously injured. The ship, recently constructed at Chicago, was the pride of the division. It was elaborately fitted and furnished and every convenience for the accommodation of air mail chiefs in their flights across the continent. The plane will be taken to Elko for repairs.

The money is to be re-invested in case the mortgage is lifted. Mr. Sharp graduated from the university in 1888.

## LABORITES DEFEATED IN ENGLISH ELECTION

LONDON, November 2.—(By the Associated Press)—Stunned by the heavy downfall of their candidates in the municipal elections throughout England yesterday, the Laborites intensified their political campaign today with the hope of making a better showing in the general election for parliament November 15.

In yesterday's balloting the Laborites lost 149 seats which they had previously held in London and about 160 seats which they had occupied in eighty boroughs outside the capital.

While it undoubtedly would be rash to assume that labor is doomed to the same fate at the parliamentary polls as it suffered yesterday, nevertheless, the outcome of the local elections has certainly made labor's prospects for parliament very discouraging.

London was intensely hostile to labor. The general feeling in the capital was manifested by the way the voters flocked to the polls despite the raw wind and furious rain. Ordinarily the voters in London stay indoors for the most part when municipal elections fall on such a day.

The partisan interest for and against labor is little stronger today than the attention focused on the struggle between the Lloyd George Liberals and the Conservatives. The political writers really do not seem to know what is going on behind the scenes, although the general trend is toward the belief that the Lloyd George threat of reprisals will not be carried out and that his frog-like with the Conservatives will somehow be smoothed over.

## MILLS TAKES ISSUE WITH MRS. HALL'S STATEMENTS

NEW BRUNSWICK, N. J., Nov. 2.—Looking up from work in a coal bin in the basement of the school where he is janitor, James Mills, whose wife, Eleanor, was murdered with the Rev. Edward Hall on Sept. 14, today took issue with some of the statements made by the clergyman's widow in an interview.

Mills said that he met Mrs. Hall at the church at 8:30 o'clock on the morning of Sept. 15. Mrs. Hall said yesterday that she was at the church at 7 o'clock.

"I know it could not have been earlier than 8:30," said Mills, "because my children had already gone to school."

"The first thing Mrs. Hall asked me was 'anybody sick at your house last night?' We then commented on the fact that both my wife and her husband were missing and I said 'maybe they have eloped.'"

"No," was Mrs. Hall's reply. "I think something has happened to them."

"At noon when Mrs. Hall came to my house I told her I had not heard anything and she said she had not either. Then she went away. She is incorrect in her statement in stating that she did not come to my house at 5:30 o'clock. I remember that I had just returned with some ice and was putting it in the refrigerator. She stayed only a minute. I saw Mrs. Hall again at 7 o'clock in her home. I went there to ask her if she had any news. I stayed on the porch to talk. She did not seem to take it as hard as I did. I had an idea that Dr. Hall and my wife had been together but I did not think there was anything wrong. I don't know why I ever suggested an elopement."

Mills said that when he saw Mrs. Hall at the church at 8:30 in the morning she had assured him that she would notify the police. Mrs. Hall stated yesterday she was not certain whether she called the police before or after she met Mills. Commenting on Mrs. Hall's statement that she was not vindictive and that she did not care to see anyone punished for the murders, Mills said:

"I am not vindictive either, but I want to see the murderer punished. I believe it was a woman's deed. All these theories about black mail and robbery and things are rot. It was jealousy and I think her throat was cut in spite because of her beautiful singing."

## MILLS TAKES ISSUE WITH MRS. HALL'S STATEMENTS

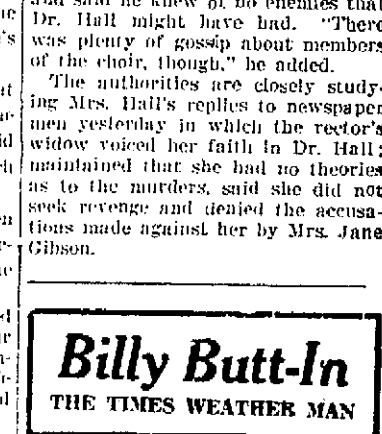

"I never heard any gossip about my wife and Dr. Hall. If I had I would not have stood for it a single minute."

Mills said he had never heard of his wife having trouble with anybody and said he knew of no enemies that Dr. Hall might have had. "There was plenty of gossip about members of the choir, though," he added.

The authorities are closely studying Mrs. Hall's replies to newspaper men yesterday in which the rector's widow voiced her faith in Dr. Hall, maintained that she had no theories as to the murders, said she did not seek revenge and denied the accusations made against her by Mrs. Jane Gibson.

# SOUTHERN OHIO BANKERS ENJOY CITY'S HOSPITALITY

## Hold Fall Meeting Here; Banquet At Washington Hotel; Old Officers Re-Elected; Ironton Gets Next Meeting

With seventy-five out of town bankers and close to twenty local bankers present, the sixth annual meeting of Group Four of the Ohio Bankers' Association convened at the Washington Hotel at twelve o'clock this noon, this meeting being as well attended as any of the previous sessions held by this group. Election of officers and selection of place of meeting for 1923 and the discussion of important issues before the bankers of the state was the work disposed of at the business session held in the Washington Hotel parlor from 12 to 1:35 o'clock. Ironton was selected as the place of meeting for next year, when W. P. Lewis, of that city, jumped to his feet, and said that Ironton would be more than pleased to entertain the bankers again next year, although they had met there just a short time ago. Mr. Lewis was urgent in his invitation and it was readily accepted, no other delegate asking for the meeting.

Frank Johnson, of Washington C. H., then read before the meeting an invitation from the mayor of Washington, C. H., inviting the bankers to come to that city November 13, to attend the National Fox Hunters' Association gathering. This will be the first time that the National Association meeting has been held north of the Ohio river. The invitation was accepted, many of those present, expressing their intention of attending the big meeting. Later in an announcement was made that a big meeting would be held by the Bond Club of Cincinnati, on November 13, when John Moody, of New York City, will be the speaker.

Committees on nomination and resolution were then appointed with E. L. Spengel, of Chillicothe, as chairman of the nomination committee, I. H. McVey, of Wilmington, O. D. Hayes, of Ironton, and B. F. Benford, of Circleville, were named on the resolution committee.

**Re-Elect Old Officers**  
The only officers to be elected were vice-chairman and secretary-treasurer. Chairman George C. Sellers, president of the First National Bank of Wellston was elected to serve three years two years ago. He is now starting on the last year of his term. Charles L. Armstrong, secretary-treasurer of the Washington Savings Bank, Washington C. H., was re-elected vice-chairman, while C. Clark Will, assistant cashier of the Third National Bank of Circleville, was re-elected secretary-treasurer.

The county committee who from the executive committee consists of the following:

Adams County—P. A. Campbell, Peebles.

Vinton County—Aaron Will, Jr., McArthur, Ohio.

### Discuss Liberty Bonds

Following the election of officers considerable time was given to a discussion on what the bankers of this section of the state were doing in regard to offering the owners of Liberty bonds when they were redeemed. It was explained that many persons

when receiving cash for their bonds were induced to invest the money in "wildcat" stocks. The State Bankers' Association is urging the forming of county organizations through which bonds that are 100 per cent good could be offered to the investor. It was brought out in the discussion that the counties in Group Four did not have county organizations but hope was expressed that such organizations would be formed as the result of the attention given the matter here today. Local bankers explained that they were not organized but that they were working in perfect harmony and that together meetings were held several times a year at which times the general banking business of the county was freely discussed and suggestions offered. It is thought that other counties in Group Four will hereafter hold meetings along the same lines or form county organizations.

**Enjoy Banquet**  
Chairman Sellers after introducing W. H. Yeasting, the new president of The Ohio Bankers' Association, and who is connected with The Commercial Savings Bank and Trust Company of Toledo, invited the guests to the banquet hall where under the directions of the local committee on arrangements a splendid menu was served.

The banquet was over by 2:15 and then the bankers listened with much interest to the several addresses that were on the program. In addition to Mr. Yeasting, S. A. Hatch, secretary of the Ohio Bankers' Association, was also to talk.

Among those registered were: Frank Johnson, Washington C. H.; W. E. Tinsmore, Washington C. H.; J. H. Chapman, Washington C. H.; G. S. Thrakill, Jeffersonville, O.; John H. ## Westphal Explains Absence

"I did not know I was such an important cog in council's machine," Councilman Edward Westphal said today when asked if he had learned that his absence from council last night prevented the plans to resurface Second and Gallia streets being brought up.

"There were 5 Republicans and 3 Democratic members present and the legislation was prepared, so I see no reason why it did not go through."

Perhaps some one thought the iron was too hot and they would get their fingers badly burned."

"You can say for me that I took a nap after supper and I did not awake until after council had adjourned. Good, but I feel all puffed up today, as I did not realize that the other eight members of council would not start a movement unless I was present."

## Obregon Backers Feel Safer

MEXICO CITY, November 2.—(By The Associated Press)—A more optimistic spirit regarding the general pacification of Mexico could be sensed in government circles today as the result of the execution of General Francisco Murguía, rebel leader and enemy of President Obregon, by a firing squad of Tepicantes Durango, yesterday.

The hastiness of the court martial which decided the fate of the rebel leader shortly after his arrest, was explained by the fact that it was known that Murguía was seeking legal restraints to prevent an immediate trial.

In Mexico City the execution of General Murguía was regarded as the most fortunate piece of work performed by the government during the past year in its campaign to snuff out rebellious movements.

Friends of Pancho Villa chuckled over reports that the one-time dreadnought had been killed or wounded. A friend of Villa displayed a telegram in which the former rebel said he was safe and sound and that no attempt had been made on his life.

## Looks Like Resurfacing Plans Will Go Over Till Next Spring; Expected Action Last Night Deferred

The regular meeting of City Council Wednesday night was a rather tame affair, the session lasting a little more than an hour and nothing occurred to mar the usual routine.

The entire membership was present except Edward Westphal and President Albert Weghorst, who occupied the chair speeded up the proceedings.

The absence of Member Westphal prevented the introduction of legislation for the resurfacing of Gallia, Second and Eleventh streets which had been prepared by Solicitor Johnson but it was pointed out that any delay at this time did not matter as there is plenty of time to put the measures through in time to do the work next spring along with the other improvement program.

**Three Resolutions**  
Chairman Osborn of the Finance Committee introduced three resolutions which were adopted authorizing the issuing of certificates of indebtedness in the sum of \$7,000 to provide funds for the service of damages; \$10,000 for the Safety fund to renew certificates now due and to issue notes in the sum of \$12,896.16 in anticipation of the collection of assessments on street and alley improvements.

Solicitor Johnson recommended the disallowance of two claims presented by Attorneys Bannan and Bannan, one of the Mitchell Mfg. company for \$1927.50 and the other of \$7,361.05 for the Hyde Street company, of Philadelphia, for goods claimed to have been damaged by water backing into the basement of the Mitchell company plant following a rain storm on Sept. 2 last. It was claimed that the damage resulted from faulty sewer construction. The claims were referred to the law and claims committee.

**Plan Approved**  
Director Gergens advised council that the State Department of Health had informed him in a letter that he might expect approved plans for the Lawson Run, Scioto Trail and Maubert Run sewers within a few days and on motion of Miss Cramer council went into caucus following adjournment to consider the sewer proposition.

Judge Osborn stated that he expected to be out of the city at the time of the next meeting and asked to be excused. His request, which set a precedent, was readily granted.

**Seek Alley Improvement.**  
A petition, signed by three-fourths of the property owners on the alley between Lincoln street and Park avenue, from Grant street to the intersecting alley south, seeking the improvement of that alley by the installation of sewers and pavement, was referred to the Street committee, after being received and filed. Legislation, recommended by Director Gergens was ordered in.

William Albertson was recognized and addressed council under a suspension of Rule 19, seeking to have the road repaired from Sixth to Jackson streets on Harmon street.

The matter of the improvement of an alley off of Spring street, which is now hanging fire, was referred to the Street Committee.

Legislation was ordered in for the improvement of an alley running west from Dover avenue and South of Seventeenth street, the estimate on the improvement being \$33,25.

The service director recommended the repair of a cave in on the sidewalk at the corner of Grandview and Vinton.

David Bahner of Sciotoville addressed council under a suspension of the rules, and urged that council provide for the repair of the Bahner avenue crossing of the Street Railway Co.'s tracks. He claimed that he has a contract with the Railway Co. providing for them to keep the crossings in repair, and asked council to take the matter up. It was referred to the solicitor.

**Claims Committee Reports.**  
The law and claims committee recommended the disallowance of the claims of W. A. Pepper, David Roll and Lynn Jones.

Seventeen dollars was appropriated to pay the claim of Dr. J. S. Rardin for damage done to his Ford coupe when struck by a fire truck.

**Will Condemn Property**  
A resolution to appropriate by condemnation proceedings a lot on Harmon street belonging to Judge James S. Thomas, that it may be used for street purposes was introduced by Judge Osborn and was passed under suspension of the rules.

The matter will be heard in Common Pleas Court some time next week with Judge Tarkenton on the bench.

## Man Hunt Ends In Capture Of Stills

The Ashland Independent says: The sheriff of Greenup county and deputy sheriff of Boyd county cooperated in an unsuccessful search yesterday in eastern Greenup county, three miles below Ashland, on Flood Creek, for E. J. Ward, who it is alleged shot and seriously wounded Ballard Adkins, Sunday evening, at the home of A. N. Boggs, on Muddy Branch, Flood creek.

The searching party, however, did not return empty handed, but arrested Boggs, at whose home the shooting is alleged to have occurred, on a charge of having a moonshine still on his property.

Ballard Adkins was brought to the King's Daughters' hospital here Sunday evening, suffering from gunshot wounds that covered him from his waist up, the sight in his right eye being destroyed by several shot and his arm and chest bleeding from dozens of wounds. One of the party who brought him to the hospital had been wounded in the hand, but the man left and at this time the authorities have been unable to get any trace of him.

The sheriff of Greenup county, W. K. Callahan, was communicated with at once; and this morning Sheriff Callahan and Deputy Sheriffs George

Nicholson, Henry Gregg and John Huff, left Ashland in an effort to find Ward and clear up the shooting.

The search for Ward developed into a raid. The officers were unable to find any trace of Ward, but they destroyed eight stills, confiscated two others and arrested one man, A. N. Boggs. At Boggs' house, it is alleged by the officers, two well-defined paths ran to a still, which was situated in a clump of trees only 100 feet from the house. Here, also, the officers destroyed ten barrels of potato mash and three gallons of moonshine they reported.

This section of Greenup is very wild country, though hardly more than four miles from Ashland and it is reported, is thickly covered with moonshine stills. No information as to Ward's whereabouts could be gotten and it is supposed that he crossed into Ohio, where he formerly lived at Sciotoville. Adkins' home is at Portsmouth.

The Boyd and Greenup authorities are still working on the case and developments are expected soon.

### Pythians Hustling.

Judging from the interest displayed in the K. of P. meetings of Monday night and Tuesday night, the Knights are going to work very hard to get out a big class of candidates for the Pythian celebration to be held December 2. Last night at the weekly meeting of Peerless Lodge, Knights of Pythias, members reported splendid progress in the drive for new members and the members from other lodges throughout the county, who met with Peerless members also reported the campaign moving along favorably. A buffet lunch was served at the close of the meeting. A big meeting will be held Saturday night at South Webster.

Members of River City Camp, Portsmouth, and George A. Dilly Camp, New Boston, Woodmen of the World, have completed all preliminary plans for the big Mardi Gras carnival to be held in the Auditorium, Galia and Bond streets, the week of November 20. The members of the two lodges have completed most of their work in connection with the carnival and are leaving the remainder of the work in the hands of a man who has had much experience in this line of entertainment.

Special nights are being contemplated for the different fraternal organizations in the city and the closing night will be dedicated to the general public at which time a rollicking Mardi Gras fete will be the attraction.

There will be vaudeville performances, games, free dancing, music, entertainments of all sorts and a copious supply of delicious refreshments on hand. No details are being over-

looked in order that the event will be a perfect success. A delegation of local members will journey to Ironton next Tuesday for the purpose of extending an invitation to the lodge at that place preparatory to making arrangements for an Ironton Night at the carnival.

A popularity contest will be conducted in connection with the sale of tickets for the affair and the jewelry awards which will go to the girls and women selling the largest number, are now on display at the J. F. Carr jewelry store. The first prize is a one hundred and fifty dollar diamond ring; the second, a diamond and white gold bracelet; and the third a white gold wrist watch. Catarrh  
Of the Stomach  
Is Dangerous

"Thousands Have It and Don't Know It," Says Physician. Frequently Mistaken for Indigestion—How To Recognize and Treat.

"Thousands of people suffer more or less constantly from furled, coated tongue, bad breath, sour burning stomach, frequent vomiting, rumbling in stomach, bitter eructations, gas, wind and stomach acidity and call it indigestion when in reality their trouble is due to gastric catarrh of the stomach," writes a New York physician.

Catarrh of the stomach is dangerous because the mucous membrane lining of the stomach is thickened and a coating of phlegm covers the surface so that the digestive fluids cannot mix with the food and digest them. This condition soon breeds deadly disease in the fermented, unassimilated food. The blood is polluted and carries the infection throughout the body. Gastric ulcers are apt to form and frequently an ulcer is the first sign of a deadly cancer.

In catarrh of the stomach a good and safe treatment is to take before meals a teaspoonful of pure Bismarck Magnesia in half a glass of hot water as hot as you can comfortably drink it. The hot water washes the mucus from the stomach walls and draws the blood to the stomach while the Bismarck Magnesia is an excellent solvent for mucus and increases the efficiency of the hot water treatment. Moreover the Bismarck Magnesia will serve as a powerful but harmless antacid which will neutralize any excess hydrochloric acid that may be in your stomach and sweeten its food contents. Easy, natural digestion without distress of any kind should soon follow. Bismarck Magnesia is not a laxative, is harmless, pleasant and easy to take and can be obtained from any local druggist. Don't confuse Bismarck Magnesia with other forms of magnesia, milks, citrates, etc., but get it in the pure Bismarck form (powder or tablets), especially prepared for this purpose. —Advertisement

Election	
Nov. 7, 1922	

Above is complete text of amendment.

It provides a sensible middle ground, demanded by and satisfactory to the temperate of all classes, who desire neither a return of old saloon conditions nor the continued sale of poisonous beverages.

THERE is a great hue and cry among professional prohibitionists that the United States Constitution will be nullified by the "Beer and Light Wine" Amendment. Nothing is further from the fact.

This amendment is directed to the modification of enforcement laws. Neither national nor state constitution defines "intoxicating liquor." The enforcement laws do. Those laws can and should be changed.

Whatever may be said of the Eighteenth Amendment, adopted while a vast number of voters were overseas unable to cast their ballots, it certainly cannot be said with any degree of truth that the people have by their vote or legislatures sanctioned the Volstead law. Modification of the Volstead law is now the demand of the country.

Through this proposed amendment Ohio people can express their views concretely. This vote is therefore of paramount importance. As things are now, any change in the Volstead law would leave Ohio quite as dry as it is today. Ohio people would not benefit from any such change unless and until this amendment, or one like it, is adopted.

Benjamin Crowell, Chairman, Ohio Division, Association Against the Prohibition Amendment, Cleveland, Ohio.

## ITCHING, IRRITATING SKIN

Worst Forms of Skin Troubles Quickly Relieved by Inexpensive Treatment.

If you suffer with any skin trouble, and the itching seems unbearable, do not think you have to use some greasy, unpleasant ointment to get relief. Try HOKARA, a pure and pleasant antiseptic cream—guaranteed to contain no grease and has cleansing ingredients which vanish into the marred skin to do their healing and does not stay on the skin only to look bad and soil linen.

HOKARA's power to relieve quickly any irritation of the skin and make it soft, white and beautiful might be called miraculous.

Minor skin troubles, such as pimples, blackheads, acne, barber's itch, etc., seem to disappear magically and HOKARA with its potent healing qualities is a successful treatment in ending chronic skin diseases like salt rheum or eczema. It is possible for anyone to try HOKARA and be convinced of all its merits—simply because Fisher and Stretch Pharmacy and all good druggists are selling a liberal sized jar for only 60 cents. It is sold on a guarantee of satisfaction or money back.

Clinch is passionately fighting for the jewel as it represents the sole means of giving his beautiful daughter, EVE STRAYER, the "education of a lady."

And her lover, TROOPER STORMONT, escape from Quintana, who with his gang has come to the camp to regain the jewel. Eve swims Star Pond with what she believes to be the real jewels in her mouth. Darragh takes what Eve thought was an empty jewel case from Quintana and finds the real jewels in a false bottom. Darragh learns that the countess and her companion are about to arrive at his hunting lodge.

EPISODE TEN

The Twilight of Mike

CHAPTER I

WHEN Quintana turned like an

enraged snake on Sard and drove him to his destruction, he

would have killed and robbed the frightened diamond broker had he

dared risk the shot. He had intended to do this anyway, sooner or

later. But with the noise of the

hounding dogs filling the forest, Quintana was afraid to fire.

About an hour later Quintana

was seen, challenged, chased and shot at by State Trooper Lannis.

Quintana ran. And what with the

dense growth of seedling beech and oak and the heavily falling

birch and poplar leaves, Lannis lost Quintana and then his trail.

The State Trooper had left his

horse at the crossroads near the

scene of Darragh's masked exploit,

where he had stopped and robbed

Sard—and now Quintana hastened

back to find and mount his horse,

and gallop straight into the first

growth timber.

There was no sound of dogs when

Lannis rode in on the narrow,

spotted trail whence he had flushed

Quintana into the dense growth of

saplings that bordered it.

Once, very, very far away west-

ward in the direction of Star Pond

he fancied he heard a faint vibration

in the air that might have been

hounds baying.

He was right. And at that very

moment Sard was dying, horribly,

among two trapped otters as big

and fierce as the dogs that had

driven them into the drain.

Somewhere among the birches,

between him and Star Pond, was

Harrod Place. And the idea oc-

curred to him that Quintana might

have ventured toward food and shelter

there. Yet that was not likely

because Trooper Stormont had

called him that morning on the tele-

phone from the Hatchery Lodge.

However, to reassure himself,

Lannis rode as far as Harrod Place,

and found game wardens on duty

along the line.

Then he turned west and trotted

his mount down to the hatchery,

where he saw Ralph Weir, the

superintendent, standing outside the

lodge talking to his assistant,

George Fry.

When Lannis rode up on the op-

posite side of the brook, he called

across to Weir:

"You haven't seen anything of

any crooked outfit around here,

have you, Ralph? I'm looking for

that kind."

"See here," said the superin-

tendent, "I don't know but George

Fry may have seen one of your

guys. Come over and he'll tell you

what happened an hour ago."

Fry's boyish face seemed agitated;

he looked up at the State Trooper

with the flush of tears in his gaze

and pointed at the rifle Lannis car-

ried:

"If I'd had that," he said excitedly,

"I'd have brought in a crook, you

bet."

"Where did you see him?" in-

quired Lannis.

"If I'd had that," he said excitedly,

"I'd have brought in a crook, you

"Where did you see him?" in-

"Just west of the Searr, about an

hour and a half ago. I was stock-

ing the head of Star Brook with finger-

lings. . . . You know how it is

in the woods. . . . I kinda felt

somebody near. And, by golly!—

there stood a man with a big, black

automatic pistol, and he had a bead

on my belly."

"Well," said L., "what's troubling

you and your gun, my friend?"—

was that astonished.

"He was a slim-built, powerful

guy with a foreign face and voice

and way. He wanted to know if he

had the honor—as he put it—to in-

troduce himself to a detective or

game constable, or a friend of Mike

Clinch.

"I told him I wasn't any of those

and that I worked in a private

hatchery; and he called me a liar."

Young Fry's face flushed and his

voice began to quiver:

"That's the way he misused me;

and he backed me into the shanty

and I had to sit down with both

hands up. Then he filled my back-

basket with grub, and took my ax,

and strapped my kit onto his back.

"And talking all the time in his

mean, sneery, foreman way—and

I guess he thought he was funny,

for he laughed at his own jokes."

"He told me his name was Quint-

ana, and that he ought to shoot me

for a rat, but wouldn't because of

the skin. Then he said he was

going to do a quick job that the

police were too cowardly to do—that

he was going to find Mike Clinch

Trooper impatiently. "Tell your story and quit thinking how you were misused."

"He told me to stay in the shanty for an hour or he'd do me for good," cried Fry. . . . "Once I got up and went to the door; and there he stood by the brook, wolfing my lunch with both hands. I told you he cursed and drove me like a dog inside with his big pistol—my God—like a dog."

"Then the next time I took a chance he was gone. . . . And I beat it here to get me a rifle." The boy broke down and sobbed: "He drove me around—like a dog—he did."

"You leave that to me," interrupted Lannis sharply. And, to Weir: "You and George had better get a gun apiece. That fellow might come back here or go to Harrod Place if we starve him out."

Weir said to Fry: "Go up to Harrod Place and tell Jansen your story and bring back two .45's."

. . . . And quit sniveling. . . . You may get a shot at him yet."

Behind the curtains of her open window Eve Strayer, lying on her bed, had heard every word.

Crouched there beside her pillow she peered out and saw Trooper Lannis ride away; saw the Fry boy start toward Harrod Place on a run; saw Ralph Weir watch them out of sight and then turn and re-enter the lodge.

Wrapped in Darragh's big blanket robe she got off the bed and opened her chamber door as Weir was passing through the living-room.

"Please—I'd like to speak to you a moment," she called.

Weir turned instantly and came to the partly open door.

"I want to know," she said, "where I am."

"Ma'am?"

"What is this place?"

"It's a hatchery—"

"Where?"

"Ma'am?"

"Whose lodge is this? Does it belong to Harrod Place?"

"We're h-ho-ho-ho runners, Miss—"

stammered Weir, mindful of instructions, but making a poor business of deception: "—I and Hal Smith, we run a 'Easy One' and we strip trout for a blind and sell to Harrod Place—Hal and I—"

"Who is Hal Smith?" she asked.

"Ma'am?"

will pay your gentleman for his gun and clothing."

She tossed the gun onto a table, where it rolled; glittering.

"For heaven's sake, Miss—"

burst out Weir, horrified, but she cut him short:

"—He may keep the change," she said. "We're no swindlers at Clinch's Dump!"

Weir started forward as though to intercept her. Eve's eyes flamed, and he stood still. She wrenched open the door and walked out among the silver birches.

At the edge of the brook she stood a moment, coolly loading the magazine of her rifle. Then, with one swift glance of hatred, flung at the place that Harrod's money had built, she sprang across the brook, tossed her rifle to her shoulder, and

passed litely into the golden wilderness of poplar and silver birch. (Continued in Our Next Issue)

## Urges Audience To Uphold Cause Of Sobriety

### Evangelist Anderson Greeted By Capacity Audience Last Night

"Some people are too indolent to even take up a tiny piece of paper the size of a ballot and vote to save the cause of sobriety and national integrity," said Dr. George Wood Anderson, known as the greatest single living voice in the evangelistic field today, as he delivered the second of a series of special addresses at the Trinity church last night to a crowd that taxed the capacity of the main floor of the church auditorium, and overflowed into the balcony.

Fearless and uncompromising, Dr. Anderson denounces the sins of social life in the most scathing manner, but never dealing in personalities causes no needless wounds. His ministry is gracious, courteous and refined. Unassuming in manner he is a leader of great power who finally grips every situation.

Under the leadership of Prof. Jenkins and with that wizard, L. D. Ackley, thumping the keys of the tuneless piano, the song service placed every body in a proper mood for the message that followed.

"Mr. Jenkins is a song leader of note having had charge of the singing for the Army and Navy camps of the North-West at one time and recently leaving the employ of the city of Portland as community song leader, to take up the work with Dr. Anderson. Rev. Anderson is eloquent and sizes up

his audience instantly. He spares no one when it comes to bearing down—and yet, he tells his story with such earnestness that none can possibly take offense—but they take the message home for reflection.

Rev. Anderson stated that on to-night his sermon would be on "The Swordless Crusader," a continuation of his talk last evening. Friday evening he will speak on the theme, "The Unknown Land," one of his very best sermons. There will be a mass meeting for women only on Friday afternoon, also services Saturday evening, with a great mass meeting on Sunday afternoon, and the grand finale on Sunday night.

Dr. Anderson said:

"There are three conceptions of Christianity. Some think that it is a creed to be learned and that when they have learned it form the right mental conception of Jesus and his relations that that is all that is required of him. He can then go on living as his conscience and passions lead. Others think that Christianity is a system of forms and ceremonies which have to be obeyed and that when certain formulas have been recited and ritualistic procedures observed that they have met their entire obligations to God. They can then sit down with all the ease and comfort of a person who has bought a seat for the theatre and is now entitled to sit by unconcerned while the great tragedy of life is being unfolded before them and that all the Lord asks is that he take at least a passing interest.

These are both wrong. Christianity is a life to be lived and is to duplicate as near as possible the spirit and courageous sacrifice of selfish interests as manifested by the world's Redeemer. It is more than the surrender of our hearts to God. It is the surrender and consecration of our lives and all that our lives contain to the work of building up a sin-wrecked and sorrow smitten world. Things are dead wrong and have got to be set right and only the followers of Christ can perform that service. This is a call for desperate earnestness.

It is my purpose to paint such a picture of Christ tonight that you shall never forget it. It will not be a copy of Hunt's famous picture of Christ as the Light of the World, although I count it as one of the real choice paintings in all the realm of art, but I do not want you to see him as he stands with motionless hand waiting for decision. I want you to see the one who lived here on earth a life of holy enthusiasm and unyielding zeal and who calls to us to follow in his train.

Rising from the waters of his baptism so stirred was he with the voice of his Father ringing through the open sky that the spirit within drove him to the wilderness where he prayed and meditated in such earnestness that he tasted neither food nor water for forty-eight long days and

nights and in weakness clinging to the barren limestone cliffs for support. Receiving angelic assistance he began his ministry that knew no thought of self. Sun set was the end of the day in Palestine and the doors of the cities were thrown shut, but it did not mark the resting hour for Jesus. "And in the evening, after the sun did set, they brought unto him all that were diseased and possessed of devils and he healed them." Long into the night the weary Christ continued his ministry to the sick and suffering desiring that all should receive his healing touch. Then "in the morning, a great while before day, he went into a desert place to pray" long after sunset—long before the sun did rise. He knew not how to rest and when his enthusiastic disciples came to him with the glad tidings that "all men were seeking him" he hungered for new conquests, saying, "Let us go into the next towns." Then they pressed him there that he could not so much as eat bread and his "friends hearing of it sought to lay hands upon him saying that he was beside himself." Late at night, early in the morning, no time to eat and his friends thinking that he was losing his mind endeavoring to restrain him! Such is the real picture of the living working Christ.

This was the spirit he endeavored to instill in the hearts of his followers up to the very last night of his life when he stationed them in Gethsemane and bid them to watch and pray. But they were too human and not seeing the spiritual significance of what was transpiring yielded to the call of their tired bodies and soon fell asleep. "Coming upon them in the hour of their danger he said, 'Sleep on now and take your rest, for the son of man has been betrayed into the hands of sinful men.' Christ can neither eat nor sleep in the presence of wronged humanity, but we can, in this hour of peril do both.

Today our churches and moral forces are calmly sleeping and taking their ease while Christ and his world-saving plans are being betrayed into the hands of sinners, and we do not want to be disturbed. Like the old colored woman we belong to

the society of the folded hands, and some people are too indolent to even take up a tiny piece of paper the size of a ballot and vote to save the cause of sobriety and national integrity."

No stomach dosing. Hyomei is made chiefly of oil of eucalyptus taken from the eucalyptus forests of inland Australia and combined with other potent antiseptics. In inland Australia the atmosphere is so impregnated with balsam vapors from the eucalyptus trees that people do not thrive, and in consequence coughs, colds, catarrh and other throat and throat affections are practically unknown. Fascisti's Leader Makes Hit

ROME, November 2.—(By the Associated Press) The authority, the energy and the earnestness with which Mussolini has taken hold of Italian affairs both internal and external, has created a deep impression in Rome. His imperative instructions to Count Strozzi to resign at his post in Paris until he had reached a decision in the case of ambassadors who offered to resign and his circular to the prefects ordering their utmost endeavors and collaboration, were regarded as a strong indication of the method the new government is going to use in dealing with the business at home and abroad. In like manner a hint as to the manner of running the government. Mussolini, will pursue was given by his message yesterday to the Press Association in which he said he intended to safeguard the liberty of the press on condition that the press proves worthy of liberty.

The strengthening of Lira on foreign exchange markets following the change in government at Rome has favorably impressed every one in financial circles.

During a speech at the cabinet meeting yesterday Mussolini declared the new cabinet would have its internal policy on the re-establishment of national discipline and order. As to foreign policies he said the Fascists had quickly dispelled any apprehensions over the advent of the Fascists as rulers. This was shown in his opinion by the improvement of Italian exchange.

The cabinet invested the premier with wide powers in connection with Italy's part in the reparations and debt conference at Brussels and the near east peace gathering at Lausanne.

Bares Mental Defects Of Her Family

LOS ANGELES, Calif., Nov. 2.—Cross examination of the defendant's sister who detailed the alleged mental defects of her family tree, in support of the insanity defense was planned for today by the prosecution at the trial of Mrs. Clara Phillips charged with having been Mrs. Albert T. Meadows, 20-year old widow, to death with a hammer.

The witness, Miss Olla Weaver, declared on direct examination that her father, John Weaver, also the father of Mrs. Phillips, "was insane more than half the time and during the latter years of his life was completely insane" that her mother, Mrs. Hannah J. Weaver, now an inmate at Tampico, Mexico, was "subject to epileptic convulsions and was considered dangerous both to herself and to others, that Henry Weaver, brother of the witness and the defendant, was an idiot all his life," and that Mrs. Phillips had "spells."

Another sister, Mrs. R. S. Jackson, declared the defendant suffered from "periodical epileptic convulsions and in one of them, in May, 1918, at San Antonio, Texas, had attacked the witness, throwing her over a trunk and striking her on the head with a shoe."

"I still have the scar," she said. Mrs. Weaver said Mrs. Phillips "used to take pills a few days before the slaying of Mrs. Meadows."

NEW YORK STOCKS

NEW YORK, Nov. 2.—Stock prices were pushed up in rapid fashion at the opening of today's stock market, the buying embracing a wide list of standard shares and a wide list of specialties. Shares and Mexican Oils showed some hesitancy at first but soon began climbing with the rest of the list. Belief that the recent reaction had run its course brought a flood of overnight buying orders into the market. The inquiry for railroad shares was influenced by record car loadings, gain of 1 to 2 points being registered by Reading, Northern Pacific, Canadian Pacific, St. Paul and Northern Pacific, Chicago & North Western, Union Pacific, Chicago & Great Northern, and Nickel Plate. Equities rallied under the leadership of Baldwin and American Locomotives each up about 2 points, while Mexican Petroleum, Standard Oil of New Jersey, Burnside A and California Petroleum were the outstanding oil shares rising 1 1/2 to 2 points. Among other individual strong spots were Vanadium Steel, Coca Cola, Continental Can, Marine Petroleum, United States Alcohols, American Snuff, American Tobacco, U. S. Realty, Studebaker and Consolidated Gas all up 1 to 3 points. Short covering accounted much of the early advance, which ranged from one to five points in active shares. Speculators for the advance noting a virtual absence of short selling, and forced liquidation and the splendid resistance shown by the list to the huge volume of realizing sales, bought stocks with fresh confidence. Encouraging trade news, including reports that October automobile production would exceed that of September, and conspicuous strength of foreign government bonds, also contributed to the more cheerful sentiment. The largest individual gains were made by DuPont, American Express, American Can, Brooklyn Gas, Chicago Pneumatic Tool and American Petroleum preferred, Jewel Tea preferred and Marine preferred were reactionary, losing 1 to 2 1/2 points. Call money opened at 5 per cent. Today's market was in several ways, buying embracing all classes of stocks and gains in the active issues ranging from one to six points. Short covering founded on the belief that the recent reaction had run its course but buying for the long account also was an important factor, prices holding up well despite a heavy volume of realizing sales at the higher levels. Sales approximated 1,400,000 shares. The closing was strong.

Jazz Music

On Last Legs

CHICAGO, November 2.—(By the Associated Press)—Jazz music is on its last legs according to many local masters of music, but it will leave a permanent effect upon American music, Dean Peter C. Lutkin, of the School of Music at Northwestern University, said today.

"Some jazz music is clever and some is merely abominable," Dean Lutkin said. "In the last analysis, however, I feel sure its effect will be permanent."

Jazz has been banned by the principal Chicago hotels and dancing clubs except the fashionable Casino Club, according to several music authorities.

He's "Square" Candidate

CLEVELAND, O., November 2.—(By the Associated Press)—A. J. Dunn said that "because of McBride's inability to make a personal campaign, I have cancelled all my speaking engagements in order to give him an even break."

**60 JOBS FOR CONVICTS**

GLASGOW.—Thomas Gray, a life convict freed from Peterhead Prison for an act of heroism, has been offered 60 different positions.

The average woman weighs 125 pounds, walks 1 1/2 miles a day; takes 2,500 steps; carries an average weight of more than 600,000 pounds—370 tons!

300 tons is the daily "traffic" over the "bridge" of your foot!

SUCH tremendous pressure on the foot is certain to cause strain unless the arch, the delicate part of the foot, is properly supported as Nature intended. Most foot troubles and discomforts are caused by this strain.

The Arch Preserver Shoe gives a natural, foot length support just like going "barefooted." There is no strain—no discomfort—because the arch can't sag.

The concealed, built-in arch bridge enables the Arch Preserver Shoe to give perfect foot health and comfort without sacrificing style. Every smart pattern and leather may be had in the Arch Preserver Shoe. You'll wear nothing else, once you've tried the Arch Preserver Shoe.

CHICAGO, November 2.—(By the Associated Press)—The Republican national committee spent \$11,536.12 more than it received during the week ending October 31, according to the second report on campaign contributions which was filed with the clerk of the house of representatives in Washington today.

# Pay Streak In Basement

HELENA, MONT., November 2.—(By the Associated Press)—Workmen employed excavating a basement for an apartment house in the fashionable west side residential district here have discovered what old time prospectors would term a very promising looking pay streak.

A well defined vein of gold bearing quartz overlying a wall of limestone is exposed in the pit and samples of rock taken out were panned out showing a streak of colors. A local assayer is testing the find.

Even a trace of gold at the point of discovery would indicate the possibility of a rich deposit of ore at no great depth, local mining men said. The location is not far distant from the original discovery of placer gold in Last Chance Gulch in the spring of 1864.

# Walks In Sleep; Falls Into 50 Foot Pit

VAN CURE, Ky., Nov. 2.—At Garrison, Ky., last night Hobart Welch walked in his sleep, and fell into a pumping pit fifty feet deep. He had been invited by Jess Chambliss to stay all night with him at the C. and O. pumping station at which the Chambliss boy has charge. About eleven o'clock as there was nothing to do the two boys went to sleep on a bunk.

Shortly after twelve o'clock the Chambliss boy was awakened by loud groans and on searching for Welch he found him in the bottom of the pit in an unconscious condition. As he was unable to get the injured boy out of the pit he called help and also summoned Dr. S. C. Stout from Vanceburg.

Dr. Stout found Welch in a semi-conscious condition with a severe contusion on his head, his shoulder apparently broken, and internal injuries. He dressed the patient's wounds and ordered him taken to a hospital in Portsmouth.

Hobart Welch is sixteen and his companion young Chambliss is about twenty.

## Murray Ineligible; Football Row Is On

MADISON, WIS., Nov. 2.—Donald Murray, Wisconsin football tackle, was declared ineligible for further competition in conference sports today by the eligibility committee of the western conference. He will be barred from the Wisconsin-Minnesota game Saturday.

The protest on Murray came from Illinois, and as a result Coach John R. Richards said he would protest five Illinois players with the protest. Murray played with the Taylorville team in the notorious Taylorville-Carlisle game of last fall, which resulted in the suspension of a number of Illinois men.

Murray, in signed affidavits, declares that he was in the Taylorville contest as an amateur and accepted no money.

In his petition filed through Attorney B. F. Kimble the plaintiff says that he has performed all the conditions on his part to be performed under the terms of the policy, issued to him in June, 1921, except rendering a written statement, demanded by defendant, setting out the specific items of loss and the cash value of each, which he claims he is unable to make by reason of the destruction in the fire of all his books, records, invoices and accounts although they were kept in an iron safe previously pronounced as fire-proof by agents of the defendant company.

They were married in 1913 and had no children. The decree was granted on the grounds of neglect and cruelty. In determining their property rights the court awarded the wife \$3000 in money and the house and lot and furniture valued at \$2000.

The wife charges neglect and cruelty, declaring on the stand that Phillips squandered his earnings for drink and neglected her and their children for the association of other women. She told the court that Phillips failed and refused to support her and asserted that he abused and threatened her.

The defendant denied her charges and accused her of misconduct, with other men and named Gilbert Dohlar, a former roomer at the wife's home. She made emphatic denial to the charge. Attorney B. F. Kimble for the wife and Attorney E. G. Miller for Phillips.

"If I remonstrate with the children, my wife objects," said Brandlet.

"She is the guilty party." "If we gave her a jail sentence what would happen then?" he was asked.

"I wouldn't know until my wife came home." Brandlet said his wife was the boss, but Judge Wilbur gave him five days and suspended sentence that there be no further complaint from school authorities, regardless of the Brandlet division of authority.

# MICKEY WALKER IS THE NEW MIDDLEWEIGHT CHAMPION; BEATS JACK BRITTON VERY DECISIVELY

## Ring Veteran Is Forced To Bow To Youthful Opponent

NEW YORK, Nov. 2.—A grinning, new-faced young fellow from Elizabeth, N. J., is welterweight champion of the world today, the result of the battle at Madison Square Garden last night. He signs his checks Minsel Edward Walker, but the boys call him "Mickey."

Mickey Walker is the new champion and Jack Britton, the sage of the ring, is again an ex-champion. It's not exactly a new role for Britton but it appears likely to be permanent one now. Jack held the title for nearly a decade, first losing it to Ted Kid Lewis and later regaining it from the same man.

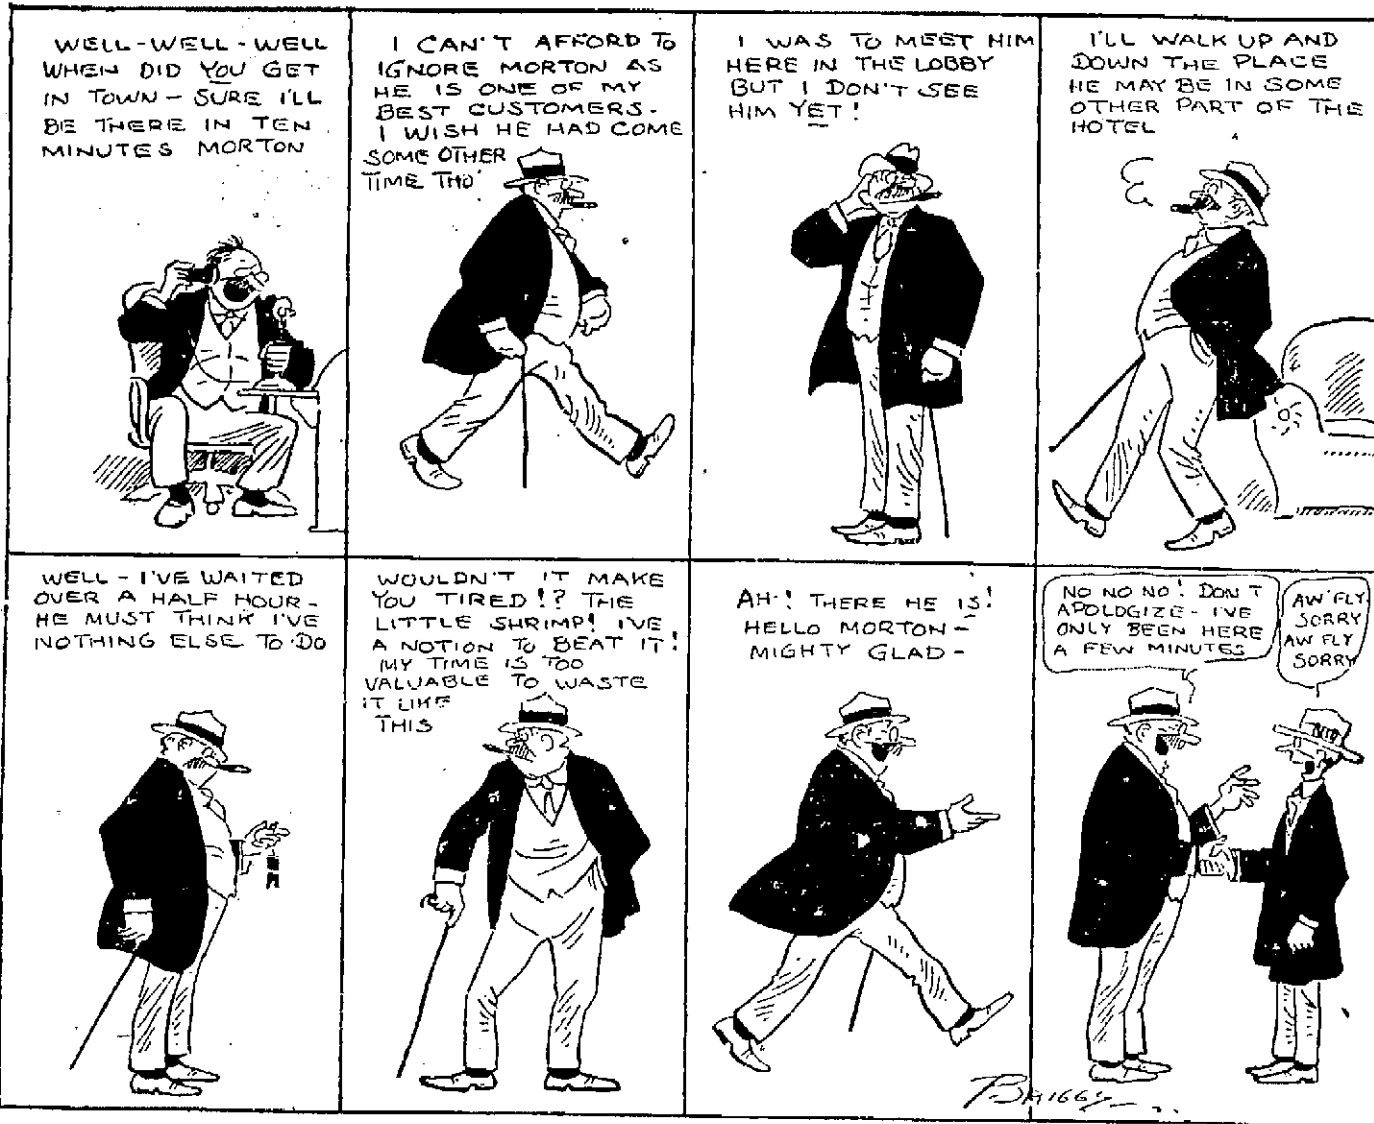

The fight was a rattling affair from the first gong and when the fifteenth round ended and the battered champion was still on his feet, the

crowd rallied to the cry of Joe Humphries, the veteran announcer and gave three cheers to what Joe called "the best champion whoever lost his title in this arena."

Walker led from the first and even though somewhat wild, penetrated the masterly defense of Britton at once, landing numerous damaging blows and putting the champion on the floor nearly half a dozen times.

Britton's chief stock last night was courage. Walker, too, had courage but the offer of continually beating the comely Britton, who forced a maximum expenditure of energy from the smallest return and occasionally shot a staggering blow himself, wore down the challenger and he was weak when the battle ended.

## Holy Redeemer Hi Beaten

Defeated by a score of 14-0, the Holy Redeemer Hi football squad returned home from Weston last evening where they met and surrendered to the team representing the church of Saint Peter and Paul.

In the first quarter the heavy Weston crew scored a touchdown but they were held down by the Irish boys throughout the entire second and third frames. In the last quarter, however, "Duck" Dadosky who was playing fullback for the locals, was knocked out of the game as the result of an injury sustained to his head in a fall. His absence weakened the team materially and it was but a short time until another touchdown was registered by the Weston warriors thus sewing up the game. The locals played a fairly good game throughout but in the first half pulled a couple of boners which probably had much to do with the defeat which they received.

Considering the fact however that this was the first game which the Holy Redeemer lads have played they put up a remarkable fight. Their opponents played exceptionally good football and all in all the game was fast and exciting from start to finish and the big crowd which attended was fully satisfied with the exhibition.

Billy Doyle, local base ball star and now scout for the Detroit Tigers, accompanied the boys and acted as timekeeper.

A return game will be played here on Thanksgiving day and the locals, with plenty of practice and coaching which will enable them to attain perfection of their team work, should be able to turn the tables.

The Holy Redeemer lads will play their next game with Saint Mary's Hi if arrangements for this battle can be made.

## P. H. S. Team Gets Down To Real Work

Tackling, running back the kickoff and punts, and running through several new plays, constituted the work of the P. H. S. football squad yesterday afternoon when they had their first workout under the watchful eyes of Prof. H. H. Eedes who will be the coach from now until the end of the season.

The locals worked like a well oiled machine and put through some new plays that will completely baffle the opposition when the Red and Blue meets Caledonia on the local gridiron Saturday afternoon at 2:30 o'clock.

Every regular on the team is out to practice each afternoon. Fullback Pfau has recovered from an injured ankle and he can be counted upon Saturday to make some big gains through the line while halfbacks, Ellsesser, Giese, Shields or Massie will be on hand ready to clip off yardage on sweeping end runs.

The locals are also perfecting an aerial attack that the visitors from now on will find hard to solve and stop.

## Staten Expected To Shine Against Miami

DELAWARE, Nov. 2.—George Staten, 1416 Ninth street, Portsmouth, really got into action on the Ohio Wesleyan football team for the first time this season in the game against Wittenberg here Saturday.

Staten played three quarters of the Wittenberg game, did all of Wesleyan's punting while he was in the game, called the signals while Quarterback Sickelster was not in the lineup, and furnished the thrill of the game when he ran 145 yards for Ohio Wesleyan's fourth and last touchdown. The sensational run was made after Ohio Wesleyan had taken the ball from Wittenberg on downs, following a well sustained forward pass attack which had carried the ball to Ohio Wesleyan's 8 yard line.

Staten dropped 7 yard back of his own goal line seemingly to punt but instead, ran the ball more than the full length of the field for a touchdown.

Staten was injured early in the first game of the season with Otterbein and although he has played in every game except the one with Cincinnati, he had not until last Saturday really been called into action.

With Sonny Winters, Ohio Wesleyan's other sensational halfback out of the running in all probability for Saturday's game, the bulk of Wesleyan's offensive work will depend upon Staten. With Winters out, he will do most of Wesleyan's punting and he called upon frequently as a forward pass starter.

The Wesleyan-Miami game Saturday which has been dubbed here "The Miami Licking," will be the outstanding attraction for Ohio Wesleyan's Home Coming celebration this week end.

Manager Tyne of the Columbian Theatre, and Manager Wood of the Eastland Theatre, are co-operating in every way to make the picture a success from the standpoint of the film.

## "This house has Electric Service"

When you've said that, you've gone a long way toward getting your lease signed. Because the modern woman wants a house she can turn into a home. And one of the first essentials of a cheerful home is the bright, inviting light of EDISON MAZDA LAMPS.

The housewife knows, too, that in the house with electric service her work will be lessened and made easier by electric flatirons, electric washers, vacuum cleaners and the many other electrical appliances at her command.

Fill the empty sockets with Edison Mazda Lamps.

## AGAIN A MERE MATTER OF MILLIONS

**C**OUNCILWOMAN Emma Cramer made a speech to the voters of Sedan, Tuesday evening. As the Morning Sun reports it it was a magnificent effort, received avidly by the audience, which bulged out the walls of the school room. We will agree to that. We will even agree to more, that it was an amazing effort, altogether so in the easy grace with which the fair orator slung about huge figures. Just at random, according to the maternal recorder she says the Democrats expended nineteen billion dollars in 1919 and that the Republican government had appropriated less than three and a half billion this year. Those figures are somewhere near correct, as the records show, but, and there's the rub, there are qualifications. In 1919 the Democrats had an army of four million men and a glorious navy to pay; in 1922 the Republicans have an army—nearly all at home, of less than two hundred thousand to maintain. But here is the saddest part of all, what the Republican congress appropriated for 1922 isn't what the Republican administration spent, not by a jugful, not even by hog-heads. The cash in the treasury on appropriations lacks somewhat more than nine hundred millions of paying running costs. It has never been written yet that a saving was ever made by spending more than you have to pay with.

Councilwoman Cramer has taken her figures from boasts made of what was going to be saved, not from the entries showing what has been spent. There she is just like the ordinary stumper and they told us woman was going to reform all this political stuff.

She is no more discreet either in declaring the Republican administration took off four hundred million in income taxes—it did, off the millionaires and the profiteers.

Nor is she either accurate or happy in alleging, in repetition of Fess that Wilson bequeathed to Harding five millions of idle men. Wilson was defeated on or about the 3rd day of November, 1920, incontestably the biggest flush year the country ever had or ever will have. Wilson went out of office on March 4th, 1921, and Harding came in on the same day. It was several months after that date that millions of laborers began to wear out the soles of their shoes looking for jobs they couldn't find.

## STRANGE IF THEY SAY TRUE

**T**HE family job holders over at the court house are scared well nigh out of their boots, but like the whistling boy, passing through the graveyard at night, they are "innocent." It around blithely that "the women and the rubes" will save us.

They mean by that, of course, that the women are going to vote for them just because and the farmers are going to do likewise because they always have.

Highly complimentary to both women and farmers, to be sure. We can't believe the compliment is deserved. Women are better than men, therefore, they should be wiser than men in the desire for better and more economical conduct of public affairs. It is an affront to their intelligence and their natural sense of decency to assert a mere scrap of paper, with a party emblem above and a list of names below is more to them than the right discharge of duties and the efficient conduct of public affairs.

As for the farmers they, in results, are more concerned in the prudent and frugal conduct of the county business than any other class of citizens, in these times. They are being treated rough all around. They have to take low prices for what they produce and pay high prices for what they buy. Besides that they have to bear the brunt of taxation. What they have got can be seen and taxed. There isn't an acre of ground in the county that isn't on the tax duplicate, but there are hundreds of thousands in notes, mortgages and securities that never are found written there. Why, it is said, there are hundreds of automobiles, owned in town, that the assessors fail to make a note of.

If that's the sort of a deal the farmer wants, if he wishes to see it continued, of course, the court house oligarchy is right and he will vote the party ticket regardless, but they may not be right. Kansas is well nigh all farmers, it is ordinarily heavily Republican, but there have been some huge upheavals in Kansas.

The same thing can occur in Sedo county and the signs all point it is due.

## Burning Up People's Money

**S**PEAKING of gasoline and repairs to county officers, we're here to say Oh, Boy, but "Shorty" Wadner is a piker when it comes to the crowd that flourishes about the county surveyor's office. Just read what the surveyor spent in his department last year, according to the sworn statement published by County Auditor Coburn, and bear in mind this does not include the huge sums mentioned in the daily vouchers we have been publishing. Our vouchers started September first while the auditor's report was only dated August 31st. But just keep these items: Portsmouth Oil Co. oil and gasoline, \$997.50; Hoyt Smith, auto repairs, \$443.50; C. L. Kitzkorn, battery, \$43.55; George J. Schirrmann, auto repairs, \$16; Portsmouth Auto Supply Co. belt, fifty cents; W. J. Friel, auto repairs, \$55.97; Home Vulcanizing Co. auto repairs, \$399.55; Harwick & Jenkins, auto repairs, \$127.50; Price Oil Co. oil and gasoline, \$107.55; Simon S. Lehman, auto repairs, \$63.42. This makes a grand total of \$2464.50, this one department alone spent in flivvering around.

Of course everybody about the court house, and every department has to have its special county auto. Is it any wonder that your taxes keep mounting?

P. S. We overheard the fact that the county surveyor's office also rented an auto from one D. G. Kanner and paid him \$250 therefor.

George Wilhelm is a candidate for county engineer. That announcement runs our mind back to the days after 1919 when Wilhelm was county engineer. Those were the days of Sedan county's big paved road building. Wilhelm had one order, my and no redmen. Whenever he needed the labor to work out into the neighborhood of the survey, picked up a white man and him for his day's work and stopped at that. Now Wilhelm isn't surveyor any more. There is another in his stead. That other isn't building so many roads, but oh my, he's got those county deputies, a draftsman and redmen, without number. His "staff" of supernumeraries is as numerous as county engineers and they are all on continuous payroll and there to stay. The people pay the difference.

The republican organization continues to be worried about the paving brick combine and the city administration, particularly Mayor Gableman. But the whole thing is a mere coil the brick monopoly has thrown around the county commissioners. Why, to oblige the brick magnates the commissioners even built a mile or two of road on the West Side that starts nowhere and ends nowhere. And did not the county commissioners let a contract for several miles of paving at fabulously high prices and did not the contractors privately boast of having made something like \$50,000 on the job?

## MAYOR GABLEMAN

**M**AYOR WILLIAM N. GABLEMAN has lived in Portsmouth a good many years. The people here know him. They have honored him with various offices, and each time he has fulfilled his duties in such manner as to warrant confidence in his ability to handle governmental questions. We have not always agreed with him, but we have respected him because we believed he did what he thought was right. Our personal relations are somewhat strained because of differences on the resurfacing question and the criticisms we made of him in that connection, but this does not blind us to Mr. Gableman's real ability, to his record as mayor of Portsmouth, to his clean private life as exemplified in his devotion to his deceased father and to his dear old mother, and also to his own splendid little family.

There is a lot of malicious lying going on about the district, false, contemptible, unworthy of the men sponsoring it. Effort is being made to sedulously cultivate the impression that Mr. Gableman is not fitted to occupy a seat in congress, that he is not big enough for the job.

Well, we know Mr. Gableman and we know he is congressional timber. We think the people of Portsmouth and Sedo county ought to give him a tremendous vote next Tuesday. And if they do, and Mayor Gableman is elected, the people will have a most worthy representative at Washington.

The "Big Wind" blew last night. Judging by its roaring it must have been a cyclone and we were the storm center of all the fury. Notice was served that we were going to be wiped off the map, run out of town, exposed and a few other things too numerous to mention. Sad is it not that a mere mention of a mere little politician will bring forth.

Speaking again of families on the pipe line to the county treasurer, we notice the honored name of Kuhnner and also that of Shively bobbing up quite frequently. Yep, they're members of the families of the two commissioners of that name. And they have developed healthy appetites repaying the roads.

That Roy Coburn, county auditor of Sedo, will insist on being tongue tied whenever we mention something about a trip he is alleged to have made with a state inspector to examine into some "bridge repairs." Come on now Roy, dear. Be a sport and tell us all about it.

## New York-Day-By-Day

BY O. O. MCINTYRE

**NEW YORK, November 2**—Recent done with courtesy and dispatch. Here it is developing into a pricing, inquisitorial ordeal that drags out over several hours.

However, there is one big improvement at New York. Graft has been eliminated. The Passenger who places a \$20 bill on top of his grip or trunk will more than likely ride away from the pier in the Black Maria. What returning Americans are hoping for is a more human and sympathetic atmosphere at customs.

It calls patriotism to arrive glowing with thankfulness at the prospect of reaching home again, only to be buffeted about and held up for many hours while luggage is turned topsy turvy. There have been many cases of hysteria among women at the boat docks.

Worn by a long voyage and anxious to see loved ones after extended separation, many women have found custom regulation the last straw and have given way to frazzled nerves. A blue uniform is a badge of license but of public service.

There is a photographer on Fifth Avenue who photographs men only. He makes the top look like the hairy ape-muzzled and red cupped. He has scolded so many faces that he is able to describe the parent's parents. He tells me that every face has a "feminine" and "masculine" side which never vary in their delineation of parental physiognomy.

Leo March, The Broadway character, tells of a charms old who was so dumb she thought Daylight Savings was a bank. She bears the charmer who thought Jersey was only a sweater, and also the one who always imagined "mistake" was a butcher's daughter.

**Hair and Personality**  
Harold G. Armstrong, the author of "For Riches, for Power," apparently has no desire to enroll himself in the romance cooperation. At any rate his heroine is flamboyantly an old-fashioned girl. On page 153 he reads: "All at once Miriam let down her hair." More than that, Kenneth Gramling, the hero, was thrilled thereby. "It was a symbol," they said. Deep-seated inhibitions ran deep. They were normal people after all.

Miriam did not seem to us. We do not think she should be allowed to qualify. If she had been a normal heroine of today, it would have been the hair which had radiated and the inhibitions which were let down.
